

OMAR G2

The Journey of Trance

OMAR G2 is a trance music producer from Mexico, dedicated to the most emotional and euphoric side of electronic music. His sound — defined as "Peak-Time Emotional Energy" — rescues the essence of classic trance from the 2000s and revitalizes it with the modern power of 138 BPM. Each production is a melodic journey, built to connect with the listener on a deep level, where melody, energy, and emotion meet at the peak of the dancefloor.

With over different tracks published, mixes, books, sample packs, and presence in different countries, Omar G2 has built a career based on quality, generosity, and a constant commitment to the trance community.

His message is clear: trance music is not just a genre, it is a journey that connects us all. From Mexico, for the world.

Peak-Time Emotional Energy — Classic Trance, Recharged

From Mexico, for the world.
